

Want to reduce your carbon footprint? **Lansing Area Solar Home Tour, sponsored by the Lansing Area Solar Users Network and Great Lakes Renewable Energy Assoc., will be held on Saturday, Oct. 5, 10 am - 4 pm.** The tour provides an opportunity for homeowners interested in solar energy to visit solar installations in their community and ask owners about their experiences. The tour will have sites in Haslett, East Lansing, Lansing, DeWitt, and Laingsburg. One of the sites is a condo application and other sites feature rooftop or ground-mount applications. Visit www.meridian.mi.us/energy for more info including addresses and specific times for the different sites, or contact John Sarver at johnsarver3@gmail.com or 517-290-8602.
