### ***What Do We Mean By Schools of Choice?***

*Approximately 1 in 5 Ingham County students attend a charter school or a school in a district other than their home district. Come and learn about school choice in Michigan-how it came to be and what it looks like today. What impact has it had on Michigan's educational system?*

*Longtime League member Bettie Landauer-Menchik will share research findings on this issue. Bettie is a retired MSU demographer who, for 15 years, reviewed the charter schools program for the Michigan Department of Education.*

- *We'll order from the menu and pay for our own selections.*
