

Health Inequity: How Big a Problem Is It?

Monday, April 10, 2023, 12 noon – 1:30pm

MSU Federal Credit Union Headquarters Building, Community Room,
3899 Coolidge Road, East Lansing. MI 48823

Health equity means everyone has a fair and just opportunity to be as healthy as possible. The LWV supports “a health care system that provides access to affordable, quality health care for all Americans.” A health inequity is a disparity that is caused by something systemic, something in the structure of our society. Join fellow LWVLA members and guests to learn more about health inequity.

Presenter: Dana Watson

Dana Watson, educated at MSU and Walden University, and currently Health Equity and Social Justice Coordinator for Ingham County, will present information to help us think about this issue. How big a problem is health inequity? Who suffers from health inequities? What can be done?

Payment for lunch (if purchased) can be made by check or credit card at the event.

Registration helps us know how many people to expect and permits us to share information about any changes. If you invite a guest, the guest must register too.
